Spring Lodge is on the mainland shore of Michigan's Upper Peninsula, nestled among the Les Cheneaux Islands. From this unique location you are a 1/2 hour to 2 hours drive of all major attractions in the Eastern Upper Peninsula: Soo Locks, Tahquamenon Falls, Mackinac Island, Mackinac Bridge, Detour Passage, and Drummond Island.

The local area is rich in historical background. The Ancient Huron Indians, explorers Radisson, Nicolet, and Groseilliers, the missionaries Allouez and Marquette, all paddled boats through the channels of Les Cheneaux.
